

## **Miami-Dade Health Action Network: Health Access Initiative Based on team personality types...**

**The Driver:** action and goal oriented, need to see results.

As a healthcare leader in the community with more than three decades of experience, **Ms. Marisel Losa** is the President and CEO of the Health Council of South Florida, Inc., a private non-profit organization whose mission is to be the source of unbiased health and quality of life data and analysis; the preferred partner for quality program planning, management, evaluation, and community services; the facilitator of collaboration and partnerships in Miami-Dade and Monroe counties; and the trusted champion for ethical and targeted healthcare policy at the local, state, and national levels.

She is the Founder and current Board Chair of the Florida Association of Free Clinics, and of Miami Matters, an online interactive data warehouse which boasts over 170 indicators reporting on well-being of Miami-Dade and Monroe County residents. She is also Co-Founder, Steering Committee Member and Facilitator for the Health Action Network which brings together over 2200 members and stakeholders to facilitate collaborations that maximize and leverage resources for optimal impact and reach in addressing issues limiting health care access in our community.

**The Expressive:** good at involving and motivating others, ideas oriented, and is future oriented.

**Jill Szymanski**, currently serves as the Assistant Vice President of Performance Improvement for Baptist Hospital of Miami part of Baptist Health South Florida. She is responsible for performance improvement, accreditation activities, patient experience and value based purchasing initiatives for the hospital. In addition, she also partners with the corporate Center for Performance Excellence in providing leadership and support for innovation, population health management and the data governance program for the health system.

Her background includes 28 years in nursing, encompassing both patient care and executive positions. She has served in various positions as a healthcare consultant, clinical expert and is a former Navy Nurse Corps officer who resigned her commission at the rank of lieutenant commander after almost 13 years of service.

**The Analytical:** concerned with being organized, having all the facts and being careful before taking action.

With expertise in clinical, academic and professional settings, **Dr. Thao Tran** strategically aims to improve the overall health and wellness on a local, state and national scale. Dr. Tran earned her degree in Chemical Engineering from California Polytechnic University, and also holds a Medical Degree from University of Minnesota and a Masters of Public Health from Loyola University. She has practiced medicine in an academic setting for over 15 years. Dr. Tran has held numerous leadership roles and has assisted healthcare entities with federal and state regulatory compliance, legal issues, revenue cycle management, patient safety and quality outcomes. Dr. Tran has devoted the last few years to working in the public sector to enhance population health outcomes and align local stakeholders with the nation's health policy agenda.

**The Amiable:** values relationships, helping others, and clearly understands collective impact.

**Ms. Karen Weller** is the Director of the Office of Community Health and Planning at the Florida Department of Health in Miami-Dade County. Ms. Weller is a graduate of Florida State University and holds a Bachelor of Science degree in Nursing and a Master's in Business Administration with a concentration in Health Services Management from Keiser University.

As Director, she is responsible for the oversight and supervision of the following programs: Chronic Disease Prevention, Community Health Planning, the Consortium for a Healthier Miami-Dade, Healthy Start, Tobacco Prevention and Worksite Wellness. Ms. Weller is a Certified Worksite Wellness Specialist and Program Manager, a Case Management Specialist, Certified Childbirth Educator and has received a certificate from the School of Public Health Management Academy, at the University of North Carolina. She is the Co-Chair of the Executive Board of the Consortium for A Healthier Miami-Dade, a member of the Florida Nurses Association, the Florida Association of Public Health Nursing and the Department of Health Community Assessment Technical Advisory Group. She also serves on the Health Council of South Florida's Policy, Planning & Advisory Committee and the National Association of County and City Health Officials Chronic Disease Collaborative.
